**Do you plan to install electric heat?**  Yes  No; if YES,

What size electric heat (in kilowatts) will be installed? \_\_\_\_\_ kW.

Will you use one of CLP's EnergyWise special rate programs?  Yes  No

If applying for the Interruptible Dual Fuel (IDF), you must install a qualified source of back-up heat. Back up system must be operational or the IDF meter will not be installed. Wood does not qualify as a back up, nor does electric resistance heat connected to CLP's general service rate. If a load management control package is needed, the cost is approximately \$475. The contactor is the property of the consumer, and comes with a one-year, limited warranty.

What type of back up heat source will you install?

Back up source:  oil boiler  oil forced air  gas boiler  gas forced air
