

Due to a programming glitch in our billing/printing software, the November statements have an incorrect phone number printed on them. Also, statements that include more than one billing location show an amount due of \$1.00 in the bill's top remittance portion. The correct total for the amount due is found in the statement section. Please see the billing example below. If you have any questions, please contact our billing department at 28.834.2226 or 800.580.5881. We apologize for the inconvenience.
